

## Big Coil Black Annealed Wire

---

- Mild steel wire with annealed heating treatment
- Jumbo package easy for transport and production
- Continuous coil in one wire with no ties
- Soften and flexible character
- Low costs & economy
- Ideal for binding or mesh making

## Description

---

### Big Coil Black Annealed wire: **WIRE RANGE**

- Gauge: 6# - 24#
- Metric: 5mm - 0.55mm

### Big Coil Black Annealed wire: **BASE MATERIAL**

- Low carbon steel wire SAE C1006 - 1008

### Big Coil Black Annealed wire: **FINISH**

- none or spray oil for rust resistant

### Big Coil Black Annealed wire: **TECHNICAL INFORMATION**

- Tensile Strength: 300 N/MM2 - 450 N/MM2
- Elongation: 8% - 15%

### Big Coil Black Annealed wire: **FABRICATED PROCESS**

- Wire Rod → Drawn Wire → Annealed → Wire Coiling → Packing

### Big Coil Black Annealed wire: **PACKING**

- 6# - 16# : 1000KGS Max. per coil
- 16# - 24#: 500KGS Max. per coil
